# WHAT IS RESELLER CLOUD STORAGE?

Reseller Cloud Storage lets you resell large-capacity storage to customers who need backups, file servers, internal data or a private cloud.

Partners can split the capacity into many plans and sell it per user, per business or per project storage need.

VPSTTT runs the storage infrastructure, provides technical support and helps you expand resources as data grows.

**112 TB**
HDD capacity on the largest plan, from 8 TB

**RAID**
Data protection for long-term use

**10 Gbps**
Network port, IPv4 on every tier

# WHY CHOOSE RESELLER CLOUD STORAGE

1

## Large storage space

High-capacity HDD plans, easy to split into backup or cloud plans.

2

## RAID data protection

Optimized for data safety and long-term operation.

3

## Built for data

Storage and RAID designed for capacity, not CPU workloads.

4

## Simple pricing

Price by capacity, retention time and support scope per customer.

5

## Easy capacity upgrades

Upgrade or add HDD without moving data to a new system.

6

## Technical support

Help with rollout, expansion and your end customers' requests.
