VPSTTT

WHAT IS PREMIUM VPS?

Premium VPS is a group of virtual servers for production systems that need strong CPUs, stable I/O, more RAM and the ability to handle sustained load.

Choose Ryzen 9 for high single-core clocks, AMD EPYC for many parallel processes, Intel Gold for steady performance or Intel Platinum to balance performance and budget.

Enterprise NVMe, 10 Gbps networking and regular backups give databases, APIs, containers and I/O-heavy apps a solid base. Windows Server 2012 is preselected and can be switched to Linux before ordering.

4 CPU lines

Ryzen 9, EPYC, Intel Gold, Intel Platinum

10 Gbps

Network port, enterprise NVMe storage

96 vCPU

Up to 96 vCPU and 256 GB RAM

VPSTTT

PREMIUM VPS HIGHLIGHTS

1

Ryzen 9 single-core speed

Ryzen 9 9950X for APIs, game servers and latency-sensitive tasks.

2

Intel Gold for steady load

Consistent performance for sites, panels and 24/7 services.

3

AMD EPYC in parallel

Many cores for workers, containers, builds and backends.

4

Balanced Intel Platinum

A balance of performance, cost and scalability.

5

NVMe and 10 Gbps

For databases, logs, cache, APIs, backups and data sync.

6

Scheduled backups

Regular backups add restore points for production.

VPSTTT

CONFIGURATIONS AND USE CASES

CPU lines	AMD Ryzen 9 9950X, Intel Gold 6144, AMD EPYC 7J13, Intel Platinum 8272CL
vCPU / RAM	1–96 vCPU, 1–256 GB RAM
Storage	Enterprise NVMe, 20–500 GB
Network speed	10 Gbps
Backups	Twice a week
Operating system	Linux, Windows Server (2012 by default)

Great for

- High-traffic sites and e-commerce
- SaaS, APIs and production backends
- Databases and data systems
- Containers, CI/CD, build servers
- Game servers and realtime services
- ERP, CRM and business apps

VPSTTT

WHY CHOOSE VPSTTT?

Tier III data center infrastructure

Servers hosted in standard data centers with redundant power and cooling.

24/7 technical support

Our engineers are on duty around the clock via hotline, Zalo, Messenger and tickets.

Fast setup, self-service

Order, pay and manage your services directly in the client area.

Clear policies

Transparent service level agreement (SLA), refund and privacy policies.
