VPSTTT

WHAT IS VPS CENTOS?

VPS CentOS is a virtual server set up for fast deployment of CentOS 6.10, 7.9, 8.2, 9 and 10, with its own CPU, RAM, storage and IP and full admin rights.

CentOS is a familiar Linux environment in the RHEL ecosystem, suited to websites, control panels, internal apps and systems that still run a CentOS stack. New projects should also consider AlmaLinux or Rocky Linux.

At VPSTTT you choose one of four hardware lines: Intel Platinum, AMD EPYC, Ryzen 9 or Intel Gold, and scale resources as your system grows.

6.10–10

Five CentOS releases: 6.10, 7.9, 8.2, 9, 10

10 Gbps

Network port, enterprise NVMe storage

24/7

Technical support, regular backups

VPSTTT

VPS CENTOS HIGHLIGHTS

1

The right CentOS version

Images for CentOS 6.10 to 10; switch OS before ordering.

2

RPM, YUM and DNF

For teams with existing CentOS/RHEL playbooks and repositories.

3

Legacy software compatibility

For panels, libraries and internal apps tested on CentOS.

4

Isolate legacy systems

Separate access, firewall and backups from critical servers.

5

Enterprise NVMe

Fast reads and writes for websites, databases, panels and logs.

6

Deployment support

VPSTTT checks image, network and setup; you keep full control.

VPSTTT

CONFIGURATIONS AND USE CASES

CPU lines	Intel Platinum 8272CL, AMD EPYC 7J13, AMD Ryzen 9 9950X, Intel Gold 6144
vCPU / RAM	1–96 vCPU, 1–256 GB RAM
Storage	Enterprise NVMe, 20–500 GB
Network speed	10 Gbps, dedicated IPv4/IPv6
Backups	Twice a week
Operating system	CentOS 6.10, 7.9, 8.2, 9 and 10

Great for

- Sites and panels running on CentOS
- Long-standing internal apps
- Reproducing legacy issues
- A bridge to AlmaLinux or Rocky
- Isolating legacy systems

VPSTTT

WHY CHOOSE VPSTTT?

Tier III data center infrastructure

Servers hosted in standard data centers with redundant power and cooling.

24/7 technical support

Our engineers are on duty around the clock via hotline, Zalo, Messenger and tickets.

Fast setup, self-service

Order, pay and manage your services directly in the client area.

Clear policies

Transparent service level agreement (SLA), refund and privacy policies.
